### **Starry Nights in Santa Fe**

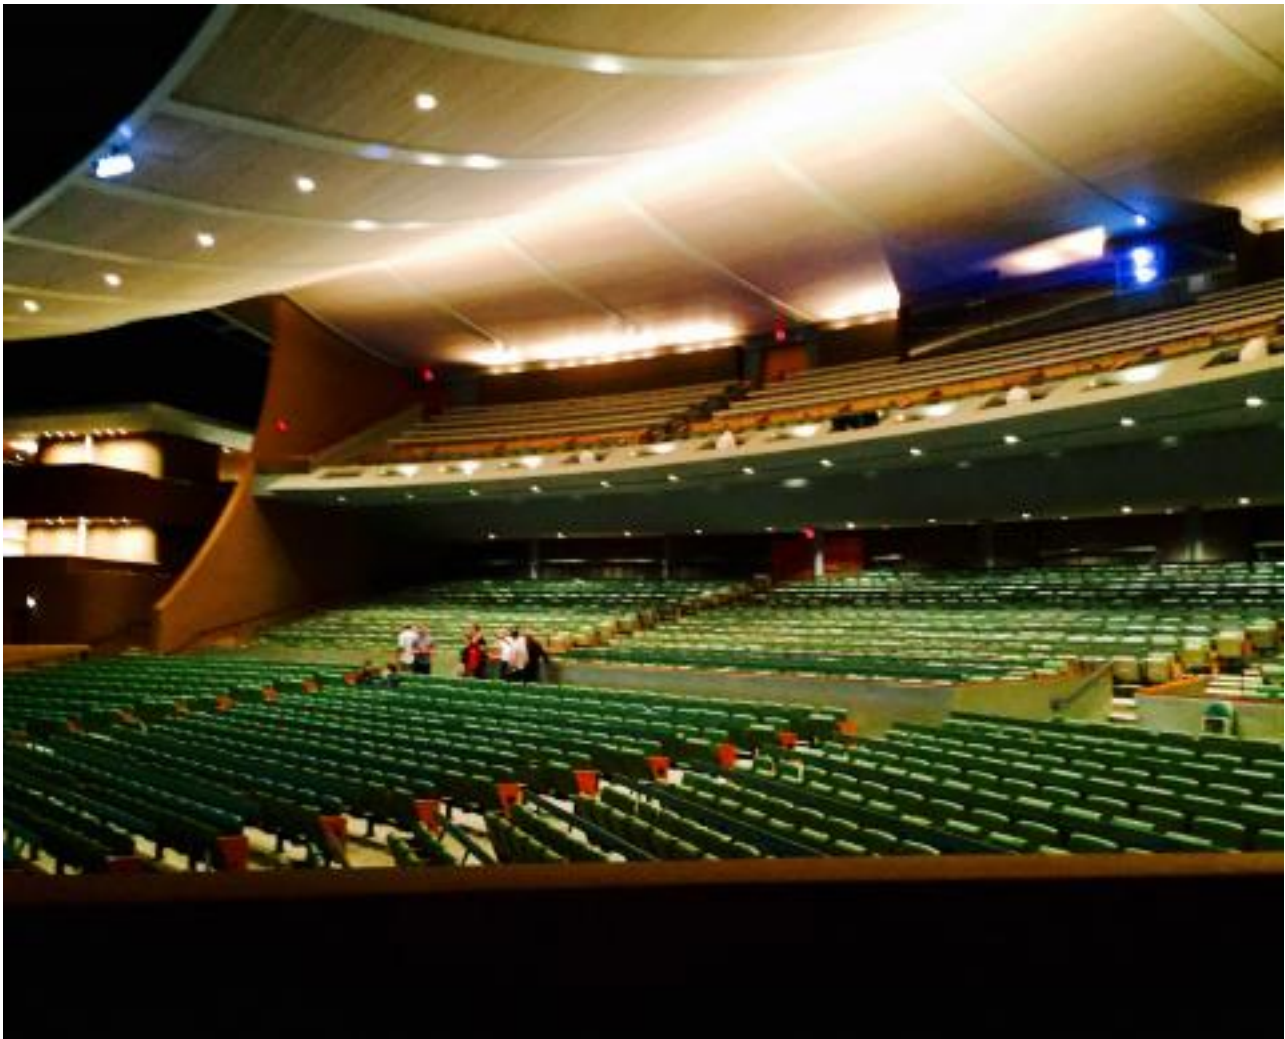

**August 1-6 or 8-13, 2022 (*dates to be confirmed*)**

The Santa Fe Opera is the quintessential US summer opera festival and will once again be fully open in the summer of 2022! Naturally, we are extremely pleased to be able to restart this magical program that combines the breathtaking ambience of New Mexico's high desert with unparalleled artistic quality.

The repertoire is expected to be announced in early fall and further details will be posted when available.

We return to the iconic La Fonda on the Plaza, a historic hotel that boasts all the necessary contemporary comforts, while perfectly located at "the crossroads of downtown Santa Fe".

Additional information, such as daytime events, lectures, sightseeing and group dining will be added in due course and pricing details will follow as the program becomes firm.
